

2.1 Community Partnership

Statement of Intent

Onslow College recognises that student achievement is supported by effective partnerships between community, whānau and school.

Board Expectations

The Board's expectations regarding the community partnership are that:

- school processes reflect the importance of the partnership between school and whānau to students' learning outcomes
- the Board itself will consult the whole school community at least once every three years to receive feedback on and inform the strategic direction of the college.
- the Board will be represented at significant events.
- Any school publications issued by the Board will be approved by the Board.
- Relationships between Onslow College and the wider community are recognised, fostered and valued

Supporting Documents

- Record of consultations with whānau, families and community
- Student Management system records of individual consultations

Delegations

The implementation of this policy is delegated to the Principal.
